FLUSH + SEMI-FLUSH

Small spaces and low ceilings don't mean you have to compromise on design.

At the heart of form and function, Flush and Semi-Flush fixtures bring style to a central light source and draw the eye upward. Don't miss our dual mount pendants which can also be used as semi-flush fixtures.

SCONCES

As a go-to lighting choice for interior designers, sconces are prime for style and versatility. Add a layer of sophistication and create a tailored look by pairing sconces with mirrors or accenting the art in your home. Whether it's the soft glow of fabric shades or the versatility of articulating task lighting, sconces are a small way to make a big impact in any space.

ADJUSTABLE AND PLUG-IN OPTIONAL

These wall sconces are designed with a plug-in option for ultimate versatility.

Plug-in sconces are perfect for lighting needs in small spaces where you don't have the ability to wire a traditional fixture. They come with a 6-foot cord and plug, plus a 12-inch cord cover in a coordinating finish, allowing them to be plugged into a wall outlet. Alternatively, remove the cord cover and install as a conventional hard-wired sconce, mounting directly to an electrical box.

All of these fixtures include a dimmer switch and are Damp Rated for use in powder rooms and bathrooms. Most have a swing arm, hinge arm or adjustable wing-nut for customizable positions in reading nooks, home offices or bedside.

OUTDOOR

The home has become more important than ever, and outdoor areas are a fundamental part of that household fabric. Whether it's the front porch or the back deck, a garage or a garden, exterior design reflects the personality of a home. With our wide assortment of outdoor fixtures, great style doesn't have to stay indoors.

RAIN or SHINE
DURABLE EXTERIOR LIGHTS

Capital Lighting knows that outdoor fixtures must deliver visual appeal while standing up to the elements. Our Rain or Shine Series was created to bring you both. Look for the Rain or Shine logo on collections that are weather resistant—they're made from non-corrosive materials, coated with a UV-inhibitor, and backed by a 5-Year Warranty against rust and fading.

NIGHT SKY FRIENDLY

Starlit skies are better enjoyed with outdoor fixtures that cast a soft, downward glow.

Reduce light pollution by switching to fixtures designed to keep the night dark. Look for lights labeled with a star.

Please note that these designs require a GU10 Twist Lock bulb (not included).

ADJUSTABLE BACKPLATES

All sizes of the Hunt collection come with multiple position backplates to ensure your lanterns are placed at the perfect position. ✨

NIGHT SKY FRIENDLY

Starlit skies are better enjoyed with outdoor fixtures that cast a soft, downward glow. Reduce light pollution by switching to fixtures designed to keep the night dark. Look for lights labeled with a star. Please note that these designs require a GU10 Twist Lock bulb (not included).
