

Certificate of Compliance with ARRA Buy American Provisions and the Buy American Act

Date: 2/9/2012

Regarding: American Recovery Act. Compliance per Section 1605 of ARRA-09  
Buy American Act (41 U.S.C. 10a-10d)

Products: All products manufactured by Command Access Technologies .

Command Access Technologies hereby certifies that the products we manufacture at our facility located at 22901 La Palma Ave in Yorba Linda, CA, United States of America, comply with section 1605 of ARRA-09 requirements with regards of determining whether substantial transformation has occurred in the U.S.A. (please refer to grid below for verification) Additionally, these products comply with the Buy American Act (41 U.S.C. 10a-10d) with respect to the exemptions for materials from countries that participate in the World Trade Organization Agreement and/or unreasonable priced domestic equivalents.

ARRA-09 Questions for Determining Whether Substantial Transformation Has Occurred in the U.S.A.

| Questions                                                                                                                                                          | Yes | No |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|----|
| 1. Were all of the components of the manufactured good manufactured in the United States, were all of the components assembled into the final product in the U.S.? |     | X  |
| 2. Was there a change in character or use of the good in the United States?                                                                                        | X   |    |
| 2a. Was there a change in the physical and/or chemical properties or characteristics designed to alter the functionality of the good?                              | X   |    |
| 2b. Did the manufacturing or processing operation result in a change of a product(s) with one use into a product with a different use?                             | X   |    |
| 2c. Did the manufacturing or processing operation result in the narrowing of the range of possible uses of a multi-use product?                                    | X   |    |
| 3. Was (/were) the process(es) performed in the U.S. (including but not limited to assembly) complex and meaningful?                                               | X   |    |
| 3a. Did the process(es) take a substantial amount of time?                                                                                                         | X   |    |
| 3b. Was(/were) the process(es) costly?                                                                                                                             | X   |    |
| 3c. Did the process(es) require particular high-level skills?                                                                                                      | X   |    |
| 3d. Did the process(es) require a number of different operations?                                                                                                  | X   |    |
| 3e. Was substantial value added in the process(es)?                                                                                                                | X   |    |

Exemption(s): Model #DS1
