# ART + ALCHEMY

by HUBBARDTON FORGE

**ärt**  
(the expression or application  
of human creative skill  
and imagination)

+

**alkēmē**  
(the ancient process of  
transforming essential base  
metal into gold)

Art + Alchemy designs are both sculptural and distinctive. They are created in our workroom, a collaborative space where designers and engineers come together. From concept through development and fabrication, this is a space where we throw out the book and think without restrictions. It is a place to let the imagination take us on journeys to create pieces that push the boundaries.

Once the design concept is proven, manufacturing the product using custom tooling proceeds. A choice of 11 standard finishes are available; or we can custom-match any RAL color for you. And, with all of our Prototype & Tooling done on-premise, our team can work with you to customize dimensions and aspects of any product in our Art + Alchemy collection to suit a specific project.

# CORAL

**Coral. An artistic interpretation of one of Earth's most beautiful living art forms.**

Our designers utilize a combination of hand-poured casting techniques to coax the molten aluminum into organic forms; every piece similar but singular in its individuality.
