# Jasmine Roth + *Hunter*

## BEHIND THE COLLECTION

When Hunter first launched Hunter Lighting™, we partnered with HGTV host and design expert, Jasmine Roth, to help make the big introduction.

“I’ve always wanted to create my own lighting line. Working with Hunter and getting to see the development process and their attention to quality, it was a natural fit.” said Jasmine. “I dropped more than a few not-so-subtle hints with their team. Ha! So, I was thrilled when they asked me about designing my own collection.”

This collection is definitely one that Hunter and Jasmine will always remember, and it is just the beginning for what’s to come. Jasmine’s design expertise and Hunter’s dedication to quality are what make this collection perfect.

We are already working on future products, so stay tuned!
