

MOEN®

CROSS REFERENCE GUIDE

MOEN®

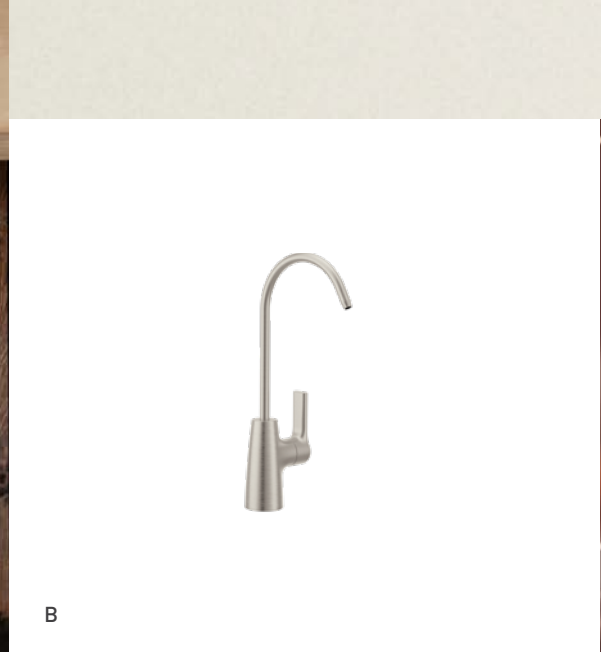

Transforming and creating a meaningful difference in your personal experience with water.

At Moen®, we've spent decades revolutionizing the way people experience water at home.

From the historic invention of the first single-handle mixing valve to the only faucet you never have to touch, every innovation is born at the intersection of form and function.

But Moen is more than a faucet company; we're a water experience company that happens to make faucets. With 1.5 trillion gallons of water flowing through our products every year in the U.S. alone, our responsibility isn't only to you, but to water itself.

That's why we continue to differentiate ourselves through innovation, expertise and our brand purpose. Because it's not enough to be a brand you buy into; we need to be a one you believe in.

2024 New Collections and Products

- A | Tenon™ Kitchen Collection
- B | Reverse Osmosis and Carbon Compatible SIP® Drinking Water Faucets
- C | Smyth™ Collection and Lifeshine® Bronzed Gold Finish in Select Kitchen Products

- G | Select Prep Stainless Steel Sinks
- H | Widespread Faucet Expansion in Select Bath Collections
- I | Smart Faucet with Motion Control Platform Expansion in Select Kitchen Collections

MISSION  MOEN.

Preserving the World's Most Precious Resource

OUR PROMISE TO THE WATER OF TOMORROW

Mission Moen® is our pledge to conserve and protect the world's most precious resource while helping people enjoy it even more.

It's our promise to the water of tomorrow and the guiding principle behind our innovation and design. And importantly, it's an invitation for consumers to join us. To reconsider the immeasurable value of water and make simple choices that treat it with the care and reverence it deserves.

By 2030, our innovations will help consumers save 1 trillion gallons of water, and our intentional design and engineering will help repurpose 2,000 tons of ocean plastic.

Because water designs our life, and together, we can keep it that way.

Want to learn more? Visit [moen.com/mission-moen](https://www.moen.com/mission-moen).

MODERN DESIGN

Bold Statements with Subtle Elegance

**FUNCTIONALITY WITH
BEAUTIFUL DESIGN**

Meant to create order and calm, the
Cia™ faucet joins rectangular and
cylindrical elements with a high-arc
spout for a stunning look.

Geometrical shapes add an
artful touch and clean whites
accentuate matte black and
metallic finishes.

SMOOTH FORMS REDEFINING MODERNITY

The graceful D-shaped spout was carefully crafted to present the water in a flat, thin silky ribbon to continue the clean lines of the faucet's smooth, wide form.

Modern styling is about clean
and simple lines reduced to
their simplest form.

FRESH AND FLEXIBLE STYLE

The mid-century-inspired horizontal line of the handles and low spout of the Greenfield™ collection, combined with distinct beveled edges and cylindrical, double-stacked bases offer visual cleanliness.

Transitional design balances modern and traditional styles so you can enjoy the perfect blend of contemporary and classic elements in your home.

**A SOPHISTICATED
SENSE OF LUXURY**

Sinema™ embodies the ethos of transitional style by presenting as a sleek modern style paired with the detailing of art deco glamour.

Apply a brushed gold finish to a visually clean silhouette to find a design sweet spot.

TRANSITIONAL DESIGN

A Perfect Blend of Contemporary and Classic

**DECORATIVE AND
DISTINCT DETAILING**

A sleek lever-handled wall-mounted
widespread faucet provides a quiet
confident elegance for a tailored
traditional bathroom.

TRADITIONAL DESIGN

Classic Charm with Lasting Appeal

Traditional designs are timeless for a reason—these classic elements give your home an elegant yet familiar feel.

CELEBRATE TIMELESS ELEGANCE

Elegant, traditional design details and distinctive finishing touches present a sense of uncommon luxury in the Weymouth® collection.

Distinctive accents include porcelain inlays that feature Euro-influenced decorative script and signature styling elements to make an extravagant statement.

Reference

Moen® offers a breadth of choices and finishes to create your perfect kitchen or bath. On these pages, you'll find all the details you need, from innovation options, valve selections, price bands and full collection offerings to suit your preference.

Voss™ Two-Handle Wallmount Bathroom Faucet Trim | T6906BL

BRONZED
GOLD
(BZG)

SPOT RESIST™ STAINLESS

Semi-matte finish that melds seamlessly with a variety of aesthetics while resisting fingerprints and water spots.

SPOT RESIST
STAINLESS

LIFESHINE™ BRONZED GOLD

A soft, warm gold that blends seamlessly with various design styles.

OIL RUBBED
BRONZE
(ORB)

OIL RUBBED BRONZE

Combines dark, burnished tones with golden-hued accents for a striking old-world style.

BRUSHED
NICKEL
(BN)

BRUSHED NICKEL

Adds warmth to a space with classic brushed tones that translate to both traditional and more modern looks.

MATTE BLACK
A bold and dramatic finish that takes your room to new depths, heightening both classic and contemporary designs.

A Finish for Every Style

LIFESHINE BRUSHED GOLD
Pairs lush, warm hues with a matte metallic appearance to complement any style.

CHROME
More like a mirrored surface than a color. Super-polished and cool-toned to the point of glistening for an enduring look.

BLACK STAINLESS
Classic stainless with a contemporary twist. Versatile to blend with other appliances in this color palette.

LIFESHINE POLISHED NICKEL
Elegant, metallic look that brings sophistication and refinement to a space.

Thermostatic Cartridge
(4-Series)

Thermostatic Valves & Cartridges

COMFORT FEATURES

Personalization

Create settings for every occasion—post workouts, lazy mornings and more.

Temperature Consistency

Water temperature won't fluctuate even as the hot water in your tank gets low.

Maximum-Flow Shower Spa Experience

Provides the greatest balance of force, flow and coverage in a Moen shower spa.

Shower Spa Compatible

Add an extra showerhead or handshower or design a complete shower spa experience.

CONVENIENCE FEATURES

Remote Activation

Sync your shower to your smartphone to start, stop and pause remotely.

Precision Thermostatic Control

Dial up the same water temperature every day, just like a thermostat.

Voice Activation

Activate your shower with the sound of your voice.

Volume Control

Adjust the amount of water that flows through your tub/shower from a gentle stream to full force.

Temperature Memory

Dial stays in the same temperature position you last used and returns to that temperature within a few seconds.

Warm Up and Pause

Save water by having the shower warm up to temperature and pause until you are ready to get in.

SAFETY FEATURES

Maximum Temperature Setting

You can set the hottest temperature setting.

Meets Applicable Pressure-Balancing or Thermostatic Safety Codes

DEPENDABILITY FEATURES

Limited Lifetime Warranty

Easy-to-Replace Cartridge

SHOWER SPA INSTALLATION RECOMMENDATIONS

Graph Line	Valves	Flow Rate through Shower Port (GPM) at 20 PSI	Flow Rate through Shower Port (GPM) at 40 PSI	Flow Rate through Shower Port (GPM) at 60 PSI	Use with a Transfer Valve	Maximum Components
1	ExactTemp 3/4" Thermostatic S3371	11.4	15.7	18.0	No	4 Components: Any Combination of Showerheads, Handshowers and Body Sprays (4 max)
2	Smart Shower—4-Outlet S3104	9.0	13.0	16.0	No	4 Components: Any Combination of Showerheads, Handshowers and Body Sprays (4 max)
4	Smart Shower—2-Outlet S3102	6.0	8.5	10.0	No	Showerhead, Handshower or Showerhead, 2 Body Sprays
6	Posi-Temp 3-Port	3.6	5.1	6.3	Yes	Showerhead, Handshower or Showerhead, 2 Body Sprays*
7	M-CORE 4-Series Shower Port	2.9	4.3	5.3	Yes	Showerhead, Handshower or Showerhead, 2 Body Sprays*
9	M-CORE 3-Series Shower Port	3.1	4.6	5.8	Yes	Showerhead, Handshower or Showerhead, 2 Body Sprays*
11	M-CORE 2-Series Shower Port	3.5	5.1	6.4	Yes	Showerhead, Handshower or Showerhead, 2 Body Sprays*
13	M-CORE with Transfer	3.0	4.5	5.6	No	Showerhead, Handshower or Showerhead, 2 Body Sprays*
14	Posi-Temp Shower Port 4-Port	2.1	3.2	4.0	Yes	Showerhead, Handshower*
15	Posi-Temp with Integrated Transfer	3.0	4.0	5.0	No	Showerhead, Handshower

*Minimum 50 PSI recommended when plumbing a showerhead and 2 body sprays for shared flow.

PRODUCT TERMS

ADA Compliant

Meets Americans with Disability Act requirements for the physically challenged.

DURALAST®

Duralast® Cartridge

The 1255® and 1234® Duralast cartridges combine innovative engineering and the highest quality materials, rigorously tested to stand up to generations of use. Duralast provides a consistently smooth handle feel for the life of the faucet and is backed by Moen's Limited Lifetime Warranty. The smooth handle movement offers precise control, allowing you to fine-tune temperature balance.

Duralock® Quick Connect

Moen's Duralock Quick Connect system assures quick, secure and hassle-free installation for select Moen® kitchen and bath faucets. This new solution helps save valuable time for plumbers and DIY installers alike.

Immersion®

Immersion Rainshower Technology delivers optimal water pressure and provides coverage across the showerhead to dramatically enhance your showering experience.

Infiniti® Dial

Move the Infiniti Dial to blend sprays and pressure for your perfect shower. Create the experience that is just right for you.

LifeShine® Finish

Faucets featuring our LifeShine finish will not tarnish, corrode or flake off. LifeShine finish not available on accessories or lighting.

Limited Lifetime Warranty

Most Moen faucets come with a Limited Lifetime Warranty against leaks, drips and finish defects. For complete details, call 1-800-BUY-MOEN or visit us at moen.com.

Magnetix™

Magnetix showers feature an innovative magnetic docking system. The handshower detaches effortlessly, then returns with a telltale snap that lets you know it's securely docked.

MotionSense Wave™ Touchless Faucets

MotionSense Wave single sensor touchless faucets allow you to easily turn water on and off with the wave of a hand, keeping messes and germs at bay.

M•Pact® Common Valve System

Change the look of bathroom fixtures without replacing the valve. You can upgrade the style or change the finish at any point in the decorating or construction process—or switch styles years down the road in just minutes.

Pivoting Paper Holders

Many Moen paper holders feature an innovative, spring-free design that makes changing the roll quick and easy. Simply lift the arm, insert the roll and set the arm back into place. The pivoting arm remains attached so there's no spring to lose and no extra parts to drop.

Power Boost™—Faster Clean. Faster Fill.

Power Boost Technology provides a boosted stream that fills pots and pitchers faster and provides 50% more spray power* for quick clean up.

Power Boost® Pro

Move about the kitchen like a pro with Moen's new Power Boost Pro spray technology. Fill containers, clean plates, and target spray coverage with just the press of a lever. Faucets with Power Boost Pro offer a variable flow rate from 1.1–2.2 GPM to meet any need for improved cleaning spray, reduced splash, and the ability to save water with a low-flow stream that won't sacrifice experience.

Power Clean™—More Force, Less Splash™

Power Clean technology provides 50% more spray power versus most Moen pulldown and pullout faucets without the Power Clean technology, while containing splashing and minimizing mess. Now, users can clean dishes faster while reducing the amount of residual water in and around the sink. Greater force means faster cleanup with less water used.

Pro-Fit™

The Pro-Fit Installation System is a single-screw mounting system that uses a pre-attached hollow wall anchor for a fast and solid installation. This eliminates the hassle of set screws with a simple locking tab that holds Pro-Fit posts firmly in place. Visit moen.com/professional for installation videos.

Reflex® System

Only Moen pullout and pulldown faucets include Reflex—a comprehensive system of features and design elements that improve the way your faucet functions. Engineered specifically for select pullouts and pulldowns, these improvements work in unison to enhance overall functionality and usability. Because Reflex was created based on input from actual users, faucets with Reflex naturally respond to the way you work, and the way you want your faucet to work.

SecureMount™

SecureMount anchors allow for an easy grab bar installation with no studs required anywhere on the wall. This means you can place grab bars exactly where you want, resulting in a safe and stylish look in the bath.

SoundSHIELD™

All disposals and stainless steel sinks feature SoundSHIELD, assuring exceptional noise reduction and quiet dependability.

Spot Resist® Finish

Spot Resist does just what it says—resists fingerprints and water spots. This innovative finish maintains the brilliance of your kitchen faucets to help you spend more time enjoying your home and less time cleaning it.

WaterSense®

Interest in eco-friendly products continues to grow, so every Moen lavatory faucet meets EPA WaterSense certification criteria. Plus, we offer a collection of eco-performance showerheads that conserve water without sacrificing performance.

*Versus Moen pullout and pulldown faucets without Power Clean or Power Boost technology.
