OMNIA TERMS & CONDITIONS	41

The story of OMNIA began over sixty years ago when our company's founder, Alberto R. Comini came to this country with a vision to introduce to the U.S. market beautifully designed and crafted Italian architectural hardware. To this day, OMNIA has steadfast ties to Italy and while now helmed by the next generation of Comini family members, we continue to stay true to our founding principle of forging our own path.

It is all the people behind the products that make up the OMNIA family including our fiercely loyal employees and our customers with whom we have fostered long-standing relationships. As our business grows, so does our family tree and new opportunities are greeted with Italian hospitality and warmth.

Over the course of our history, OMNIA has built a legacy upon developing products innovative in both design and technological advancement. Our focus is always on what lies ahead and we constantly challenge ourselves to stay in the forefront of our industry. This latest presentation showcases our current product offerings shown with suggested retail prices.

Our products are meticulously fabricated from the finest brass materials or premium-grade stainless steel in order to meet the exceptional standards of the finished project of your dreams. Choose the hardware that is expressly YOU and come to know the look and feel of OMNIA.

OMNIA Finishes

Always check each item number to make sure a finish is available for a particular design.

OMNIA TERMS & CONDITIONS OF SALE

(as of May 1, 2024)

WARRANTIES

Limited Mechanical Warranty

OMNIA Industries, Inc. ("OMNIA") offers to the original owner a Limited Warranty that all OMNIA products shall be free of mechanical abnormality for the duration that the original owner inhabits the residence in which the product was originally installed.

Exclusions

Any OMNIA product having an abnormality due to improper installation, forced entry, failure to exercise normal maintenance or against the consequences of uses for which our products were not designed is not covered by this warranty. Additionally, if an OMNIA product or component part is used with a product that is not ours or a component part (such as an OMNIA lock or latch with non-OMNIA knobs, levers, escutcheons and roses), any warranty shall be null and void. Warranty does not cover normal wear and tear.

FINISH WARRANTIES

(Includes General Maintenance)

Stainless Steel

OMNIA warrants its stainless steel finish shall be free from abnormalities in material and workmanship from tarnishing or rusting for either five (5) years from date of purchase for interior use or one (1) year from the date of purchase on exterior doors only for the duration that the original owner inhabits the residence in which the product was originally installed. Exposure to certain chemical or environmental conditions may promote surface oxidation. Please be aware that this is not an abnormality in the stainless steel but a reaction on the surface of the finish to the chemical environment which can be removed with a stainless steel polish or an abrasive pad. **Surface oxidation is not considered an abnormality in the product.**

Stainless Steel PVD

The OMNIA PVD finishes use an advanced finishing technology (Physical Vapor Deposition) to create a finish highly resistant to the effects of weather and normal use. For OMNIA products purchased with PVD finishes, OMNIA warrants the finish shall be free from abnormalities in materials and workmanship from tarnishing, flaking or pitting for the **Lifetime** of the applicable product for the duration that the original owner inhabits the residence in which the product was originally installed. Although the OMNIA PVD finishes are highly resistant to the effects of weather and normal use, they do require periodic maintenance. A build-up may occur if it is not performed, which may create a haze or darker look to the finish. This is neither tarnish nor an abnormality in the PVD finish. OMNIA PVD finishes can be maintained simply by wiping with a soft cloth and glass cleaner; or as an alternative, a non-abrasive metal polish which can be purchased at any hardware store. Rubbing alcohol may also be used to clean the surface of PVD finishes. **DO NOT use metal polishes that contain abrasives.**

Remaining Finishes

OMNIA warrants its finishes (excluding unlacquered finishes, stainless steel and

stainless steel PVD) shall be free from abnormalities in materials and workmanship from tarnishing, flaking or pitting for either five (5) years from date of purchase for interior use, or one (1) year from the date of purchase for use on exterior doors only for the duration that the original owner inhabits the residence in which the product was originally installed. Only use a damp cloth to clean surface of finish to remove dirt and grime. **DO NOT use household cleaners and/or chemicals.**

Exclusions

Any OMNIA product having an abnormality due to neglect, misuse, abuse or unreasonable or extraordinary use or lack of normal maintenance is not covered by this warranty. In addition, any OMNIA product having an abnormality due to use of paints, solvents or other chemicals is not covered by this warranty. Discontinued products will not be covered by any warranty. Finishes will not be warranted for any OMNIA product installed on an exterior metal door.

FOR ALL WARRANTIES, PLEASE NOTE: OMNIA is not responsible for labor charges related to installation, repair or replacement of any product under this warranty. OMNIA's liability under this warranty shall not exceed the sale price of the product.

PRICES

Prices are subject to change without notice. Invoices will reflect prices in effect at the time of shipment. OMNIA is not responsible for errors and/or omissions which may appear in any printed material. Orders held by OMNIA because of credit status may be repriced to pricing in effect on date of order release by OMNIA Credit Department.

RETURNED GOODS

Products must be returned within 60 days of original invoice date. There is a minimum 25% restock fee, plus a freight charge, for all unused and undamaged items returned in original condition. All returns must be accompanied with a completed Return Goods Form (RGF). Any return which exceeds \$1,000 net requires prior authorization. If a factory defect is claimed, please contact OMNIA for replacement or authorization. Any credit due will be determined upon inspection. Reordered or replacement materials will be billed when shipped. Returns will be credited after inspection and approval. All returns must be shipped freight prepaid. COD returns will be refused. Special order or discontinued items will not be accepted for return.

ORDERS & SPECIFICATIONS

OMNIA has the right to not accept orders in part or whole if the quantity, finishes or prices requested are not suitable. Packing, weights, measurements and designs are subject to change without notice. All special factory orders are non-cancelable, non-returnable and non-refundable.

ORDER CHANGES

If there are items not readily available, OMNIA will ship and backorder. Items temporarily out of stock will be backordered and so indicated on invoice. Backorders must be canceled prior to shipment of product. Orders canceled after

shipment from OMNIA will incur freight charges and a 25% restocking charge. Address changes after shipment will incur freight charges.

DISCONTINUED ITEMS & D/O

OMNIA may discontinue product or alter specifications at any time without prior notification or obligation. D/O designates a product which will continue to be available as long as inventory remains, after which the product will be discontinued. This program is intended to help our customers anticipate future needs and to avoid bidding or taking orders on parts which may not be available in sufficient quantities when needed.

SHIPMENTS

Smaller orders, shipments destined outside the US borders, and **all specially quoted contract orders are shipped FOB Cedar Grove, NJ.** Cremona bolt orders do not qualify for prepaid shipments. Freight charges will apply to contract orders. Please refer to job quote. There will be a handling fee in addition to freight charges. (Drop ship orders incur a higher handling fee.) In certain instances, a fee for insurance coverage may be added. OMNIA will select the quickest and best routes available. Consignee assumes risk of loss or damage after shipments have been delivered to carrier. Claims must be filed with the transportation company. We cannot accept consignee or third party billing for any shipment.

OPEN ACCOUNTS

Established accounts will be maintained on open account terms as long as payments are kept current. New accounts must submit proper trade and bank references.

SAMPLE PROGRAM

Cabinet Hardware

Samples of cabinet pulls up to 6" and cabinet knobs up to 1 1/4" dia. are available free of charge with a \$10 shipping fee for each item ordered. A maximum of 3 samples can be ordered. If ordering more than one sample, the additional samples must all be different part numbers.

Door Hardware

Single dummy samples of door knobs and levers with a list price value up to \$75 are available free of charge with a \$20 shipping fee for each item ordered. For single dummy samples with a list price value of \$76 and over, there is a \$30 shipping fee for each item ordered.

For each sample ordered, you will receive a discount coupon in the amount of the shipping fee. For each \$100 list purchase made through an authorized OMNIA dealer, you may apply one discount coupon. Since there is no charge for the product samples themselves, they cannot be returned to OMNIA for product credit.

If you are interested in a sample of a product other than cabinet hardware or single dummies, please contact OMNIA for shipping costs.

An Authorized OMNIA dealer may request a complete Dealer Terms & Conditions by emailing info@OMNIAindustries.com.
