## Performance meets technology with Delta BreezSmart

BreezSmart Series incorporates Delta's super reliable DC brushless motor at higher CFMs with adjustable humidity and speed, motion sensing, and a delay timer. The BreezSmart series delivers 130 CFM and 150 CFM at incredibly low noise, <0.3 Sones, while consuming less than 18 Watts of power. All models are ENERGY STAR® qualified. Delta BreezSmart is a remarkable feat for residential ventilation. Operate your near-silent ventilation fan without lifting a finger - you just might forget it's there.
