

COMPLETE CONTROL

Access 3[®] Key System

The Access 3 key system provides multiple levels of protection to offer the right level of security for each opening in your facility, without paying for features you don't need. Available for mortise, rim, component and Large Format Interchangeable Core (LFIC) cylinders, a common key for all three levels of security enhances key control and simplifies administrative procedures.

ASSA ABLOY

Access 3[®]

Key System

BENEFITS

KEY CONTROL: Patented protection from unauthorized key duplication through 2027

SYSTEM INTEGRITY: New keyway family protects system integrity from legacy systems

KEY STRENGTH: Keys are significantly stronger than competitive systems

EASY SERVICE: User-friendly design with minimal components provides easy field service

COST-EFFECTIVE UPGRADE: Availability in all existing Corbin Russwin cylinder types provides a cost-effective upgrade for Corbin Russwin facilities

ADDED SECURITY: Bump resistance for added protection

FEATURES

- Three levels of utility-patented security:
 - AP: First level of protection; Key blanks available to authorized Corbin Russwin distributors; bump resistant with patented keys
 - AS: Geographically exclusive by end user; bump and pick resistant
 - AHS: Highest level of security; Geographically exclusive by end user; UL437 certified; bump and pick resistant
- Keys can be common between security levels
- New keyway families for all levels
- Construction master keying available
- ANSI/BHMA Grade 1 certified
- Available uncombined, master keyed or grandmaster keyed
- Bump resistant standard (Not available with LFIC for AP)

AVAILABLE AS

- Mortise Fixed and Interchangeable Cylinders (including Hotel function)
- Rim Fixed and Interchangeable Cylinders
- Component
- LFIC
