Kwikset

A Smarter Kind of Simple™

PRODUCT CATALOG 2026

BRAND STATEMENT

A Smarter Kind of Simple

Your home is your temple, filled with everything you hold dear. At Kwikset, we understand that the locks you choose to protect your home is a decision you don't take lightly. It's why we design ours with premium quality materials, guaranteed to stand the test of time. It's why we test every cylinder, knob and lever before they leave the factory. Why our deadbolts are bashed with battering rams. Our finishes exposed to the most blistering heat and bitter cold. Because we know that a better lock here means better peace of mind at home. And we don't know how to make them any other way. After all, they only protect everything.

Kwikset

FEATURING INNOVATIVE TECHNOLOGY

SMARTKEY SECURITY®

Superior Security

Kwikset's patented SmartKey Security® protects against advanced break-in techniques.

Security Made Convenient

SmartKey Security® allows you to re-key your lock yourself in seconds.

PICK RESISTANT

BUMP PROOF

Reasons to re-key

- Loaned or unreturned keys
- Your child has lost their key, again
- Recently moved, tenant turnover
- You have a different key for each door

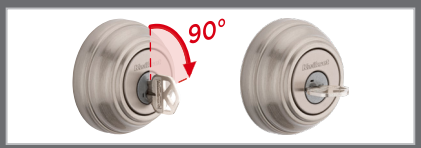

How to Re-Key:

! Make sure you have your current key and SmartKey® tool

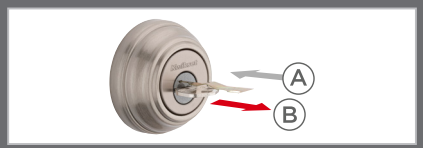

Current Key

SmartKey® Tool

New Key

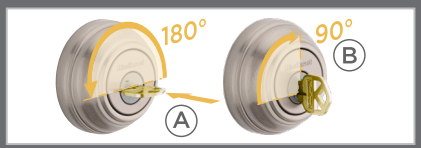

1 Insert **current key** & rotate 90° CW.

2 (A) Fully insert the **SmartKey® tool.**

(B) ***Remove*** tool & **current key.**

3 (A) Fully insert **new key** & rotate 180°.

(B) Rotate back to the starting position, & remove key. Your lock is now re-keyed!

MICROBAN®
ANTIMICROBIAL TECHNOLOGY

99.9% Cleaner

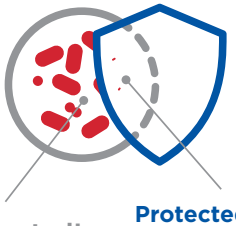

Kwikset® and Microban®, the global leader in built-in antimicrobial protection, have teamed up to improve the standard for door hardware. Kwikset® will now offer antimicrobial protection on select products, inhibiting the growth of bacteria on frequently touched door hardware in your home.

Benefits of Kwikset® Door Hardware with Microban® Technology

Bacteria can double every 20 minutes on unprotected surfaces, but Kwikset Door Hardware with Microban protection works to continuously fight off microbes.

- Door hardware is 99.9% cleaner than knobs without Microban.
- The antimicrobial coating lasts for the lifetime of the hardware finish,so you can worry less and feel more secure in your home.
- 24/7 Antimicrobial product protection.
- Kwikset with Microban protection resists the growth of a broad spectrum of bacteria.

99.9% Cleaner
Than Unprotected Surface

Unprotected Surface

CONTROL FROM ANYWHERE

HALO™

WI-FI ENABLED SMART LOCKS

Halo™ smart locks offer convenient remote access, allowing you to monitor and control your lock from anywhere in the world via the internet. You have complete control through the full featured Kwikset app or within your compatible smart home system.

Halo brings flexible smart home integration to your front door. Connect Halo directly to your home Wi-Fi for hub-free control or integrate seamlessly into your chosen smart home ecosystem using Matter connectivity with a compatible hub. Halo provides smart security options designed to fit your connected life and home.

CONTROL VIA Z-WAVE / ZIGBEE

HomeConnect™

CONNECTED SMART LOCKS

Home Connect™ smart locks provide a smarter way to expand security and home automation systems to a complete line of wireless-enabled door locks. Control the lock from anywhere using a smart phone, tablet or internet-connected device through a smart home hub.

Product features of Home Connect smart locks:

- Remote Locking and Unlocking
- Notifications of Lock's Activity
- Access Control
- Integration with Other Smart Devices in the Home
- Works with Z-Wave Smart Home Hub

CONTROL AT THE LOCK

Keyless Entry

Kwikset's electronic door locks offer users the convenience of keyless entry, virtually eliminating the need for keys. All of our electronic locks are easy to install and program, while complementing any Kwikset knob, lever or handleset.

A key-free lifestyle means no more fumbling for keys, losing keys or lockouts. With customizable user codes, homeowners can enter their home with just a simple push of a few buttons. Homeowners also gain more control over who has access to their home. Best of all, Kwikset electronic locks can store multiple user codes.

Finishes

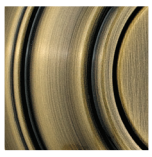

Our philosophy is that a finish can make all the difference. From Polished Brass to Matte Black, the finish you choose makes a statement. It can, quite literally, finish off a room, giving it style and polish. We offer a full spectrum of finishes and textures.
