

L8510

Junior Duty Kit

Flexible Eye, Junior Duty Kit - Includes L8500, L8501, L8502, L8503, L8504, L8505

DISCONTINUED

Suggested Replacement SKUs: :

Leviton Wire Mesh Safety Grips are built tough to provide the strength, reliability and gripping force required for today's demanding wire management applications. They are designed to distribute stress over a large area so they can securely hold, pull or support the wire, rope, tubing or fiber optic cable to which they are applied. Leviton Wire Mesh Safety Grips are flexible holding devices used to pull cable, rope, or tubing into place; to support it after it has been installed, to prevent cable pullout; or to provide strain-relief that reduces the arc of bend at points of wire connections or terminations. Available in a wide selection of style, weave, attachment and wire options designed to meet the highest standards for strength, flexibility, durability and longevity.

UPC Code : 078477973097

Country Of Origin : Mexico

Technical Information

Material Specifications

Grip Material : Galvanized Steel

Mechanical Specifications

Approx. Break Strength : 3,400

Cable Range : .500 - .610

Duty : Light

Eye Type : Flexible Rope Eye

Mesh Length : 12

Mesh Style : Closed

Weave : Single

Workload Safety Factor (lbs) : 680

Product Features

Device Type : Pulling Grip

Standards and Certifications

Standards and Certifications : CSA

Warranty : 2-Year Limited
