STL360

Super Stealth Sensor with Total 360 + 180 "Can't Miss" Coverage, Surge Protection, Scanning LEDs, Evening Timer and Color Matched Lens, universal CU4 cover plate included.

Color: Bronze

Weight: 1.5 lbs

Project:	Type:
Prepared By:	**Date:**

Technical Specifications

Compliance

UL Listed:
Suitable for wet locations

Electrical

Voltage:
120V AC 60Hz

Power Consumption:
1W

Surge Protection:
Withstands up to 6000 volts

Wall Switch Manual Override:
Two flip logic prevents activation by momentary power outages. Override resets to auto at dawn. No extra wiring needed.

RF Immunity:
Circuits fully shielded for maximum radio frequency immunity

Switching Capacity:
8 amps, 1000W incandescent @ 120 volts

Sensor Settings

Time Adjustment:
5 seconds to 12 minutes

Wide Sensitivity Control:
Adjustable from 100% to 30%

Evening Timer:
Keeps lights on for 1-8 hours after dusk. Then sensor is motion activated until dawn.

Set it and forget it:
STL360's full coverage pattern reduces need for aiming and adjustment

Advanced Detection Logic:
Minimizes false triggers

Photoelectric Control:
Deactivates lights during daylight.

Detection:
Senses 180° and 360° down for Total Detection

LED Characteristics

Scanning LEDs:
3 LEDs continually scan back-and-forth

Color Matched Lens:
Dark lens with bronze units, white lens with white units

Construction

Temperature Compensation:
Sensitivity adjusted automatically for consistent detection in hot and cold ambient temperatures

Lens Masks:
Customized press apply lens mask included to reduce coverage easily

Installation

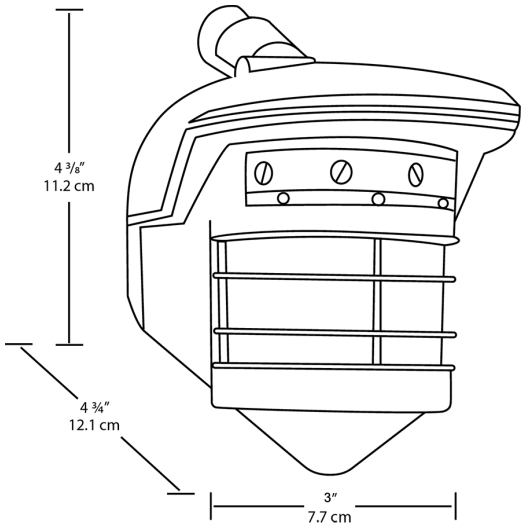

Mounting:
CU4 plate allows the sensor to be mounted under a soffit

Other

Warranty:
10-year sensor warranty

Dimensions

Features

- Senses 180° out + 360° down for total detection
- Radio frequency immunity
- 6000 volt surge protection
- Quick test time
- Color matched vandal resistant
- 1000 Watt switching capacity
- Pre-wired and pre-assembled on CU4 universal EZ plate
- Protected manual override with auto reset
- Can be wired in parallel
