

# STI THEFT STOPPER®

STI-6200

## PRODUCT OVERVIEW

If you are fed up with replacing your fire extinguishers or other equipment, this sturdy, tamperproof, self-contained alarm is the answer. It has proven highly effective in helping prevent theft or misuse. Yet, it leaves the protected item accessible for emergencies and does not interfere with authorized use in any way.

## HOW IT WORKS

If the protected item is moved from its normal position, the device emits a piercing alarm. Also, the highly visible stop sign design and the words "STOP, ALARM WILL SOUND" discourages wrongful use. The device is easy to install and a deactivation cable is supplied for ease in servicing or use. A 9 VDC alkaline battery is included.

## KEY FEATURES

### General Information

- Highly visible "stop" sign design discourages wrongful use.
- Deactivation cable provided for service by authorized personnel.
- Three year guarantee against breakage of polycarbonate in normal use (one year on electro mechanical and electronic components).

### Design
