FEATURES

- **Mounting:** Key lock box for wall mounting
- **Keypad:** Push Button Resettable Combination
- **Keyless Security:** Protect your keys while still having easy access to them. Includes standard cover.
- **Permanent Secure Mounting:** The Wall Mount KeyGuard offers peace of mind with permanent secure key storage. Install the Wall Mount KeyGuard at the desired location to allow secure key storage for children, family, contractors, medical providers and more.
- **Secure Storage:** For keys, access cards, or other items in this secure lock box. Stop storing your spare key under the mat, above the door frame, or in a rock-shaped hide-a-key. Make your keys truly secure. Can also store keyfobs, garage door openers, etc.
- **Pick-Resistant:** Punch button combination.
- **Familiar Keypad:** The push buttons are arranged like they are on a phone with letters and numbers. Your combination doesn't have to be numbers; it could be a word that's easy to remember.
- **Strong:** Metal frame infrastructure.
- **Resettable:** Easily change combination
- **Weatherproof:** Built to withstand cold, heat, and rain.
- **Cover Options:** For full body rubber cover, see ***SL-590-CVR***
