Love the acrylic ring.

Mayfair

Dramatic Drops

With its iconic silhouette and out-of-the-box adornments, the Mayfair collection is an excellent example of Neo-Traditional style. Using dramatic long crystal drops and a central ring crafted from acrylic takes this look from old-school to new and cool.

Frosty cool.

Helen

Classy Style

Rethinking the essential elements of a chandelier is a key part of Neo-Traditional design. Why use bland bobeches (that's the little cup-like part right below each candle) when you could use eye-catching frosted bobeches instead? And why not also string the structure with rows of matching frosted beads? That's what we did with the Helen - a Neo-Traditional masterpiece.
